Appendix 4 – Exeter Green Party Constitutional Amendment Motion AS PROPOSED

Motion to December 2021 AGM

Proposed changes to Exeter Green Party's constitution

This motion proposes that Exeter Green Party adopts a new constitution, as set out below.

Purpose of the constitutional motion

This motion has been drafted following a series of workshops facilitated by the South West Field Organiser. This group has met over several months to consider what had been working well, what has been more challenging, and what the party needs to do next. All Exeter Green Party Officers and Councillors were invited to join these workshops, and volunteers, activists, and candidates have also participated.

Exeter Green Party has developed ambitious plans to win more seats, but this means changing how the local party works to ensure that workloads remain manageable, and governance systems are accountable to the membership.

The changed constitution focuses on:

- a. Creating and maintaining a positive, productive and inclusive environment for the party's operation.
- b. Devolving decision-making to the most appropriate level, and empowering volunteers to get things done, particularly at ward-campaign level.
- c. Encouraging clear and consistent decision-making pathways to enable us to progress action on our strategic priorities.
- d. Providing a clear way for the local party members to work together, playing to their respective strengths in their roles
- e. Empowering our local party to deliver on our core constitutional mission; to win seats at all levels of government.

NB. From discussion at the AGM it was clarified that the illustrative document outlines roles rather than functions. Specifically, as agreed with the Exeter Green Party workshop from the 29th October, the functions historically grouped together under the title 'internal comms' (e.g. Press releases, citywide newsletter content etc.) would now likely be held within the Volunteer's Coordinator's workstream, and 'external comms' (e.g. volunteer mobilisation emails, phonebanks etc.) would likely be held within the Elections Coordinator's workstream.
